**AQUAMOTION, INC. Announces West Coast Representatives**

**Warwick, RI - AquaMotion Inc.**, The Innovation Leader in patented Hot water Recirculation systems, Single, Multi Speed, ECM and Variable Speed Circulators, is pleased to announce the appointment two West Coast Representatives.

Northern California: **JTG/Muir Inc.** 4723 Tidewater Ave, Oakland, CA 94601,  
Tel 510- 434-3144 Email: [info@jtgmuir.com](mailto:info@jtgmuir.com)

Territory: **Northern California, including Monterrey, King, Tulare & Innyo Counties and Northern Nevada.**

President John Grose has marketed and sold pumps for 26 years. He is thrilled to now have the most awarded and complete recirculation product line with the first outdoor recirculation pump, variable speed ECM pumps and hydronic heating pumps available in his entire territory. All AquaMotion products are built in the USA.

Southern California: **Specification Sales Inc.** 1295 E. Acacia Str. Ontario, CA 91761  
4583, Tel. 909 594 7088 Email: [info@specsales.com](mailto:info@specsales.com)

Territory: **Southern California, Southern Nevada, and Hawaii**

David Hutchins, President, has been representing hydronic manufacturers for some 50 years. He says that the addition of the AquaMotion product line is a perfect fit with his other lines and will bring the latest technology of hot water recirculation to Southern CA. AquaMotion recirculation kits meet the California title 24 with under-sink and dedicated return line offerings.
